Dear Fellow Shareholder,

The most recent year was another year of positive returns for equity investors. Our Fund was up 8% based upon net asset value (NAV). We trailed the broader S&P 500 (total return) index, which rose 13%, which we use as the Fund's benchmark. Historically, we tend to lag when the overall stock market is strong, but do better (relatively) in flat to down markets. We prefer to be fully invested, and are looking hard to put the Fund's cash reserves to work.

We're always on the lookout for suitable additions to the Fund's portfolio. During the third quarter of 2014 we took advantage of the opportunity to add shares of Markel Corp. (NYSE: MKL) to the portfolio. Markel is sometimes described as a "mini-Berkshire Hathaway" because of the similarity of the business models, and Markel management's reverence for Warren Buffett and his thinking. Markel is similar to Berkshire Hathaway in at least three key characteristics: (i) a profitable and disciplined specialty insurance business (with consistent underwriting profits); (ii) an ability to invest the insurance "float" profitably, including a stake in equities; and (iii) a desire to own 100% of appropriate operating businesses. We expect Markel will continue to grow, and remain in the Fund's portfolio for a long, long time.

As we approach the sixth anniversary of the current bull market, greed dominates over fear. History teaches us that this will inevitably turn. The only question is "when?"

Market pundits proclaim that the stock market is destined to move higher, and price targets and forecasts are continually being raised. We're agnostic. We don't know whether the stock market is going up, down or sideways. And, in our view, in the short run it doesn't really matter. As long as the Fund continues to own high quality businesses with bright long-term prospects, we're content to sit back and let those high quality businesses take care of themselves. Activity in buying and selling shares doesn't indicate superior investment performance, though it guarantees a tax bill.

Sometimes we've taken action and learned to regret it. In the depths of the Great Recession, we identified the duopoly of Home Depot (NYSE: HD) and Lowe's (NYSE: LOW), and bought both of them. We took profits as both prospered when the economy improved. Unfortunately, we acted prematurely, and both have continued to post improving financial results and higher stock prices. Had we just bought and then sat back and done nothing, the Fund's NAV would be higher and our shareholders would have avoided (or at least deferred) some long-term capital gain tax liability. There is much to be said for buying great companies and then just sitting back and watching.

At least one Fund shareholder has lamented that we are "too conservative" and need to take more risk. We think Warren Buffett says it best: "Rule No. 1---Don't lose capital; Rule No. 2---Don't forget Rule No. 1."

Preserving capital, and thereby protecting the long-term compounding of capital, is the linchpin of successful investing and wealth creation. Putting one's capital at risk of permanent loss runs directly contrary to this principle, and it is a route that we decline to follow. There are times to be aggressive about putting capital to work, such as in March-April 2009 and August-October 2011, and then there are times to just sit back and

watch one's existing portfolio from the sidelines. We maintain a significant equity exposure virtually all of the time, but we don't believe in committing new funds to a relatively expensive stock market. We don't like those odds.

There was one somber note to 2014. William (Bill) Schmeltz, the spouse of our Director Peggy Schmeltz, passed away early in the year. Although Bill wasn't a formal member of the Board, he provided invaluable perspective and advice, and unconditional support for Peggy and her role with the Fund. As many of you may know, Bill had a long professional career in Accounting, and eventually taught at the college level. He is being remembered by an endowed professor position created in his name at Bowling Green State University. Bill understood the limits of traditional accounting, and constantly urged us to focus on cash flow. Bill was, among other things, a gentleman, and he will be sorely missed.

As always, we love hearing from our shareholders. However, we won't comment on any undisclosed purchases or sales that the Fund has made or is considering. With that caveat in mind, all other issues are on the table.

Notes to Financial Statements

(1) *Organization.*

Eagle Capital Growth Fund, Inc., a Maryland corporation (“Fund”), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

(2) *Significant Accounting Policies.*

The following is a summary of the significant accounting policies followed by the Fund not otherwise set forth in the Notes to the Financial Statements:

Dividends and distributions—Distributions to shareholders from the Fund’s net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually.

Investments— Investments in equity securities are valued at the closing market price (as of the close of regular trading on the New York Stock Exchange) on the applicable valuation date. If no such closing market price is available on the valuation date, the Fund uses the then most recent closing market price.

In the unlikely event that there is no current or recent closing market price for a portfolio security (whether equity or debt) traded in the over-the-counter market, then the Fund uses the most recent closing bid price. If there is no closing bid price for a portfolio security for a period of ten (10) consecutive trading days, then the Fund’s Audit Committee or other appropriate committee shall determine the value of such illiquid security.

The Fund uses the amortized cost method to determine the carrying value of short-term debt obligations. Under this method, investment securities are valued for both financial reporting and Federal tax purposes at amortized cost, which approximates fair value. Any discount or premium is amortized from the date of acquisition to maturity.

Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

Use of estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Federal income taxes—The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of portfolio investments as of December 31, 2014:

Gross unrealized appreciation	\$ 10,778,724
Gross unrealized depreciation	<u> --</u>
Net unrealized appreciation	\$ 10,778,724
Federal income tax basis	\$14,352,511

Expenses—The Fund’s service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the

Fund's investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor's expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund's average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets, and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

Fair Value Accounting—Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provides a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access. All of the Fund's investments are classified as Level 1.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

(3) *Certain Service Providers Arrangements*

Investment advisor—For its services under the Investment Advisory agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the weekly net asset value of the Fund, as long as the weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Effective June 1, 2007, following shareholder approval of the Investment Advisory Agreement, Sims Capital Management LLC ("SCM") began serving as the Fund's investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors. Luke E. Sims, a Director, President and Chief Executive Officer of the Fund and owner of more than five percent of the Fund's outstanding shares, owns 50% of SCM. David C. Sims, the Chief Financial Officer, Chief Compliance Officer and Secretary of the Fund and the son of Luke E. Sims, owns the remaining 50% of SCM.

Custodian— Bank of America Corporation serves as the Fund's custodian pursuant to a custodian agreement. As the Fund's custodian, Bank of America receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge, annual security fee, security transaction fee and statement of inventory fee.

Transfer Agent— American Stock Transfer & Trust Company ("AST") serves as the Fund's transfer agent and dividend disbursing agent. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund's Dividend Reinvestment and Cash Purchase Plan.

(4) *Dividend Reinvestment and Cash Purchase Plan.*

The Fund has a Dividend Reinvestment and Cash Purchase Plan ("Plan") which allows shareholders to reinvest cash dividends and make cash contributions. Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open

market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund's website (www.eaglecapitalgrowthfund.com) or from AST, the DRIP agent.

(5) *Distributions to Shareholders.*

On December 1, 2014, a distribution of \$0.37 per share aggregating \$1,156,297 was declared from net investment income and capital gains. The dividend was paid on December 24, 2014, to shareholders of record on December 12, 2014. The tax character of distributions paid during 2013 and 2014 was as follows:

	<u>2013</u>	<u>2014</u>
Distributions paid from:		
Net investment income:	\$ 214,924	58,857
Long-term capital gains:	2,972,702	1,097,440

As of December 31, 2014, the components of distributable earnings on a tax basis were as follows:

Undistributed ordinary income:	\$ 20,062
Net unrealized appreciation:	\$10,778,724

(6) *Fund Investment Transactions*

Purchases and sales of securities, other than short-term securities, for the year ended December 31, 2014 were \$1,520,759 and \$3,673,742, respectively.

(7) *Financial Highlights.*

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

**EAGLE CAPITAL GROWTH FUND, INC.
DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN
(THE “PLAN”)**

ADVANTAGES OF THE PLAN

Your increased shareholdings of Eagle Capital Growth Fund, Inc. common stock will generate additional dividend and/or other distribution income.

You may choose to have all of your dividends and/or other distributions reinvested in shares of Eagle Capital Growth Fund, Inc. common stock.

You may make additional voluntary cash investments as often as once each month, in an amount of not less than \$50 nor more than \$250,000 per year.

Your cash dividends and/or other distributions will go directly to American Stock Transfer & Trust Company (the “Plan Agent”), which will administer the Plan, assuring prompt reinvestment of your dividends and/or other distributions. It is intended that such cash dividends and/or other distributions, together with any voluntary cash payments, will be fully utilized to purchase shares of Eagle Capital Growth Fund, Inc. common stock.

The Plan Agent does all of the work and, at your option, will accept delivery from you, for safekeeping of, the certificates which you hold in your own name and representing shares of stock of Eagle Capital Growth Fund, Inc. by establishing a “book-entry” account in your name.

The maintenance of your personal records is simplified by the detailed statements which the Plan Agent will mail to you after each investment.

Participation in the Plan is entirely voluntary. You may join at any time, and you may terminate your participation whenever you wish by following the procedures described below.

There are no fees or charges imposed upon you, other than reasonable transaction and termination fees.

PARTICIPATION IN THE PLAN

Any holder of common stock of Eagle Capital Growth Fund, Inc. (“Fund”), may participate in the Plan.

JOINING THE PLAN

To join the Plan, you can either enroll on-line at www.amstock.com and clicking on “Shareholder Account Access” or you can sign and complete the enclosed enrollment and authorization form {enrollment form not included with annual report} and mail it to: American Stock Transfer & Trust Company, P.O. Box 922 Wall Street Station, New York, New York 10269-0560. Please make sure that if you enroll by completing the enrollment and authorization form that you sign your name exactly the same as shown on your shareholder account. Once you have completed and returned the form to American Stock Transfer & Trust Company, you will begin participating automatically in the Plan and all cash dividends and/or other distributions on Eagle Capital Growth Fund, Inc. common stock registered in your name will be reinvested automatically.

COSTS OF THE PLAN

There are no special fees or charges relating to participation in the Plan, other than reasonable transaction fees. A termination or sale fee (currently \$15 plus \$0.10 per share) may be imposed when you terminate or sell your shares in the Plan and take delivery of accumulated shares. In addition, if you wish to deposit your certificated shares in your plan account, there is currently a transaction fee of \$7.50 for this service.

DIVIDEND REINVESTMENT

Dividend payments and/or other distributions made by the Fund to participants in the Plan are made in one of two ways. They are paid to the Plan Agent either in cash (which then are used to purchase shares in the open market), or by the delivery of newly-issued Fund shares. The option chosen by the Fund is the one that the Fund determines is the most favorable to participants, as described below under “Additional Terms and Conditions of Participation in the Eagle Capital Growth Fund, Inc. Dividend Reinvestment and Cash Purchase Plan.” In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following receipt of the cash dividends and/or other distributions from the Fund, any remaining funds will be returned to the Participants on a pro rata basis.

VOLUNTARY CASH PAYMENTS

You may make voluntary monthly cash payments of not less than \$50 (but not more than \$250,000 per year) for the purpose of acquiring additional shares. You may make these voluntary cash payments regularly or from time to time, and you may also vary the amount of each payment so long as the amount of any monthly voluntary cash payment meets the foregoing limitations. Voluntary cash payments must be received by the Plan Agent on or prior to the last day of any month and will be invested beginning on or about the first business day of the following month (an “Investment Date”). Voluntary cash payments will be invested in shares purchased in the open market, (calculated to three decimal places in your account). However, if purchases of shares on the open market with such voluntary cash payments have not been completed by an ex-dividend date, the balance of such cash payments will be returned and credited on a pro rata basis. The Plan Agent will also return all voluntary cash payments it is holding or receives for purchases to be made on the Investment Date immediately following the dividend payment date if purchases are being made with the cash dividends or other distributions on or after such Investment Date. In the event the Plan Agent is unable to complete its acquisition of shares to be purchased on the open market by the end of the thirtieth (30th) day following the Investment Date, any remaining funds will be returned to the participants on a pro rata basis. All cash payments received by the Plan Agent in connection with the Plan will be held without earning interest. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, participants that wish to make voluntary cash payments should send such payments to the Plan Agent in such a manner that assures that the Plan Agent will receive and collect federal funds by the end of the month. This procedure will avoid unnecessary accumulations of cash and will enable participants to avoid additional transaction charges. If a voluntary cash payment is not received in time to purchase shares for the calendar month indicated, the Plan Agent shall attempt to invest such payment on the next Investment Date. Optional cash payments can also be made on-line at www.amstock.com. You need to know your American Stock Transfer & Trust Company 10 digit account number to access your account.

If an optional cash payment is paid by a check and the check is returned by the bank, a fee of \$25 will be charged. If the funds have not yet been invested, the Plan Agent will debit the amount of such funds. If the funds have been invested, then the Plan Agent will sell the shares to recover the amount of the returned check. If the cash balance of the sale is not enough to cover the debit of the amount of the returned check, then the Plan Agent reserves the right to sell account shares to pay the balance. The Plan Agent will also sell additional shares to recover the amount of the return fee.

HOLDING OF SHARES

For your convenience, the Plan Agent will hold all shares that you acquire as a result of your participation in the Plan for safekeeping. However, upon your on-line request at www.amstock.com, telephonically at (877) 739-9994 or request by mail, the Plan Agent will send you a certificate representing a specified number of full shares which you have acquired through the Plan and which are held for your account.

The Plan Agent will also allow you to deposit with it, in safekeeping and in your “book-entry” account for the Plan, any additional stock certificates for the Fund’s shares you might have in your possession. This will enable you to guard against loss, theft or damage.

STATEMENT OF ACCOUNT

A cumulative, detailed statement of your account under the Plan for each current calendar year will be sent to you by the Plan Agent; and you will also receive the customary Form 1099 (Internal Revenue Service) reporting dividend and/or other distribution income.

WITHDRAWAL OF SHARES

You are not committed to remain in the Plan. You may terminate your participation at any time by written notice to the Plan Agent or on line at **www.amstock.com**. All requests for termination of participation in the Plan must be received at least three business days prior to the next dividend and/or other distribution payment date in order for the cash dividend and/or other distribution not to be reinvested. A separate written request, however, must be made to obtain the return of any voluntary cash payment. You may obtain the return of any voluntary cash payment if your written request is received by the Plan Agent at least forty-eight (48) hours prior to the time such voluntary cash payment is invested.

Upon terminating participation in the Plan, certificates for full shares held in your account will be issued and sent to you. Any remaining fractional share will be converted to cash, on the basis of the then current market price of the Fund's common stock, and a check, representing the same, will be issued and sent to you (less service fees). If you desire, you may direct that your full shares be sold in the open market and that the proceeds be sent to you.

INCOME TAX CONSIDERATIONS

Dividends (including those declared in shares of stock) and other distributions invested under the Plan are taxable in the same way as dividends and other distributions paid to you in cash.

SHAREHOLDERS' RIGHTS

Shares held under the Plan have the same rights as all other shares, in terms of stock dividends, stock splits, and preemptive and voting rights. Stock dividends will be fully credited to your account. Transaction processing may either be curtailed or suspended until the completion of any stock dividend, stock split or corporate action.
