Fellow Shareholders:

Given the extraordinary events of the last year, hopefully this letter finds you healthy and safe. The year 2020 took a toll on humanity. Let's hope that 2021 is better than 2020. With a number of coronavirus vaccines approved and in distribution, we're confident that the pandemic and its related economic consequences will gradually recede. On the upside, the markets took the pandemic in stride with gains over the year.

To say that the stock market in 2020 was tumultuous would be an understatement. The March swoon was followed by a rapid recovery to new highs. Looking back, we failed to take maximum advantage of the downturn. Mea culpa. We were surprised at how quickly the stock market recovered, and speed of the recovery got past us. The error of omission in deploying cash was offset by our steady hand in holding portfolio companies. On the good news side, we were able to take initial positions in MasterCard (MA) and Visa (V), two companies we know well and have coveted for years.

White Mountains Insurance (WTM) was a Fund portfolio company until 2018, when we sold the position because of a full valuation. We believe that we understand the company fairly well, and we had an opportunity to rebuy WTM during 2020. As with most insurers, book value is an important factor in any valuation analysis. During 2020, one of WTM's private investments (MediaAlpha) went public under the stock symbol "MAX", and WTM's book value rose 20%. We were able to buy WTM at a wide discount to book value and have been pleased with its subsequent operating performance. One added plus of our new WTM investment is that it introduced us to MAX, a rare fast-growing and profitable technology company.

Berkshire Hathaway has been a large position in the Fund for the last couple years, and we added to it this year. In market turmoil, there's a benefit to owning high quality companies with solid balance sheets. Of that group, Berkshire is at the top of the list. Further, the shares were available at an attractive price. Buying Berkshire was a very easy decision.

While Berkshire shows up as one investment in the portfolio, Berkshire operates wholly-owned large businesses in a variety of fields, in addition to having investments. Berkshire-owned GEICO is a large insurer, focused on the US automobile insurance market. BNSF, or Burlington Northern Santa Fe, is a large railroad operator transporting goods and fuel. Berkshire Energy is largely identified as the large utility MidAmerican, though it is branching out into other energy businesses. The public company investments are significant too, with a \$120 billion investment in Apple Inc, \$25 billion in Bank of America, \$20 billion in The Coca-Cola Company, and \$15 billion in American Express. So, while Berkshire is one name in the portfolio, the Fund has gained inexpensive ownership of a number of underlying businesses.

Unlike Berkshire, the stock market is replete with companies trading based upon high expectations. One example is DoorDash, Inc. (DASH). You're probably familiar with this food delivery service, which has benefited enormously during the COVID-19 pandemic and from the stay-at-home movement. The food delivery trend is currently in fashion given the pandemic backdrop, however the market is valuing DASH as though it

will have a dominant position in an industry that will be 5x larger than it currently is. While we wish nothing but the best for DASH shareholders, we're unwilling to lay out our capital based on such extreme assumptions about the future.

As our loyal shareholders know, our Fund will inevitably lag in a strong up stock market. Our conservative, slower-growing companies will invariably rise---but at a slower rate---in an ebullient market. Our Fund net asset value (NAV) increased 10.75% during the year, against a 20.10% increase in our benchmark S&P 500 (total return) index.

As the author Andrzej Sapkowski notes, "[t]here is a grain of truth in every fairy tale" ("The Last Wish"). This encapsulates our view of Modern Monetary Theory (MMT), a concept which suggests that governments are able to spend at will without concerns for long-term effects. If MMT adherents gain the upper hand and drastically expand the U. S. dollars in circulation, then the Fund's portfolio (and the overall stock market) will be in for a rude awakening if and when inflation picks up steam. In the short run higher inflation (and higher interest rates) are never good for equity investors.

MMT starts with an indisputable truth----a country whose debt is denominated in that country's currency cannot default. All the debtor country has to do is to print more money. So far, so good. Then MMT posits that, as the increased volume of currency chases a relatively fixed amount of goods and services (and threatens inflation), the debtor country merely raises taxes (payable solely in the country's currency) as a way of reducing the currency in circulation. This expected reduction in the currency in circulation should bring down inflationary pressures. Sounds easy as a matter of theory, but virtually impossible in the real world. Well, we may soon see how MMT (now just a theory) plays out in the real world. We're betting that the real world triumphs over economic theory.

The Fund has been blessed with a Board of Directors with a lot of dedication, insight and focus on shareholders. And no director epitomizes that more than Peggy Schmeltz. Peggy is a remarkable director, remarkable investor and remarkable woman. Peggy dedicated 31 years to the Fund, from its inception until 2021 serving shareholders. It is with joy and enthusiasm that we celebrate her contributions. Unfortunately, we were unable to convince her to reverse her decision to not seek reelection as a director. We wish you all the best Peggy in your next adventures and investments. Thank you.

As always, we love hearing from our shareholders, although the ground rules remain the same. We're happy to talk about all publicly-available information, but decline to talk about possible Fund portfolio purchases or sales.

## Notes to Financial Statements

### (1) Organization.

Eagle Capital Growth Fund, Inc., a Maryland corporation (“Fund”), is a diversified closed-end investment company subject to the Investment Company Act of 1940.

### (2) Significant Accounting Policies.

The Fund follows the accounting and reporting requirements of investment companies under ASC 946 (ASC 946-10-50-1).

*Dividends and distributions*—Dividends and distributions paid to the Fund from portfolio investments are recorded on the ex-dividend date.

*Investments*—Investments in equity securities are valued at the closing market price as of the close of regular trading on the applicable valuation date. If no such closing market price is available on the valuation date, the Fund uses the then most recent closing market price.

In the unlikely event that there is no current or recent closing market price for a portfolio security (whether equity or debt) traded in the over-the-counter market, then the Fund uses the most recent closing bid price. If there is no closing bid price for a portfolio security for a period of ten (10) consecutive trading days, then the Fund’s Audit Committee or other appropriate committee shall determine the value of such illiquid security. From inception to December 31, 2020, the Fund has not held a security which required an illiquid pricing valuation.

Investment security purchases and sales are accounted for on a trade date basis. Interest income is accrued on a daily basis while dividends are included in income on the ex-dividend date.

*Use of estimates*—The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Federal income taxes*—The Fund intends to comply with the general qualification requirements of the Internal Revenue Code applicable to regulated investment companies such as the Fund. The Fund plans to distribute annually at least 90% of its taxable income, including net long-term capital gains, to its shareholders. In order to avoid imposition of the excise tax applicable to regulated investment companies, the Fund intends to declare as dividends in each calendar year an amount equal to at least 98% of its net investment income and 98% of its net realized capital gains (including undistributed amounts from previous years).

The following information is based upon the Federal income tax basis of equity portfolio investments as of December 31, 2020:

Gross unrealized appreciation	\$ 15,017,783
Gross unrealized depreciation	<u>(636,529)</u>
Net unrealized appreciation	\$ 14,381,254
Federal income tax basis	\$20,553,857

*Expenses*—The Fund’s service providers bear all of their expenses in connection with the performance of their services. The Fund bears all of its expenses incurred in connection with its operations including, but not limited to, investment advisory fees (as discussed in Note 3), legal and audit fees, taxes, insurance, shareholder reporting and other related costs. As noted in Note 3, the Fund’s investment advisor, as part of its responsibilities under the Investment Advisory Agreement, is required to provide certain internal administrative services to the Fund at such investment advisor’s expense. The Investment Advisory Agreement provides that the Fund may not incur annual aggregate expenses in excess of two percent (2%) of the first \$10 million of the Fund’s average net assets, one and a half percent (1.5%) of the next \$20 million of the average net assets,

and one percent (1%) of the remaining average net assets for any fiscal year. Any excess expenses are the responsibility of the investment advisor.

*Fair Value Accounting*—Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provides a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access. All of the Fund's investments are classified as Level 1.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

The Fund's financial statements, other than investments, consist of receivables and payables due in the near term. Fair value of those instruments approximates historical cost.

Certain impacts from the COVID-19 outbreak may have a significant negative impact on the Fund's operations and performance. These circumstances may continue for an extended period of time, and may have an adverse impact on economic and market conditions. The ultimate economic fallout from the pandemic, and the long-term impact on economies, markets, industries and individual companies, are not known. The extent of the impact to the financial performance and the operations of the Fund will depend on future developments, which are highly uncertain and cannot be predicted.

### (3) *Certain Service Providers Arrangements*

*Investment advisor*—For its services under the Investment Advisory agreement, the investment advisor receives a monthly fee calculated at an annual rate of three-quarters of one percent (0.75%) of the weekly net asset value of the Fund, as long as the weekly net asset value is at least \$3.8 million. The investment advisor is not entitled to any compensation for any week in which the average weekly net asset value falls below \$3.8 million. Pursuant to the Investment Advisory Agreement, the investment advisor is required to provide certain internal administrative services to the Fund at the investment advisor's expense.

Effective June 1, 2007, following shareholder approval of the Investment Advisory Agreement, Sims Capital Management LLC ("SCM") began serving as the Fund's investment advisor. Pursuant to the Investment Advisory Agreement, SCM is responsible for the management of the Fund's portfolio, subject to oversight by the Fund's Board of Directors. Luke E. Sims, a Director, President and Chief Executive Officer of the Fund and owner of more than five percent of the Fund's outstanding shares, owns 50% of SCM. David C. Sims, the Chief Financial Officer, Chief Compliance Officer, Secretary, Treasurer, and Director of the Fund and the son of Luke E. Sims, owns the remaining 50% of SCM.

*Custodian*—US Bancorp serves as the Fund's custodian pursuant to a custodian agreement. As the Fund's custodian, US Bancorp receives fees and compensation of expenses for services provided including, but not limited to, an annual account charge and security transaction fees.

*Transfer Agent*—American Stock Transfer & Trust Company ("AST") serves as the Fund's transfer agent and dividend disbursing agent. AST receives fees for services provided including, but not limited to, account maintenance fees, activity and transaction processing fees and reimbursement for its out-of-pocket expenses. AST also acts as the agent under the Fund's Dividend Reinvestment and Cash Purchase Plan ("DRIP").

(4) *Dividend Reinvestment and Cash Purchase Plan.*

The Fund has a Dividend Reinvestment and Cash Purchase Plan which allows shareholders to reinvest cash dividends and make cash contributions. Pursuant to the terms of the DRIP, cash dividends may be used by the DRIP agent to either purchase shares from the Fund or in the open market, depending on the most favorable pricing available to DRIP participants. Voluntary cash contributions from DRIP participants are used to purchase Fund shares in the open market. A complete copy of the DRIP is available on the Fund's website ([www.eaglecapitalgrowthfund.com](http://www.eaglecapitalgrowthfund.com)) or from AST, the DRIP agent.

(5) *Distributions to Shareholders*

Distributions to shareholders from the Fund's net investment income and realized net long- and short-term capital gains will be declared and distributed at least annually. The amount and timing of distributions are determined in accordance with federal income tax regulations.

On November 23, 2020, a distribution of \$0.55 per share aggregating \$2,240,877 was declared from net investment income and net realized long-term capital gains. The dividend was paid on December 22, 2020, to shareholders of record on December 4, 2020. The tax character of distributions paid during 2019 and 2020 was as follows:

	<u>2019</u>	<u>2020</u>
Distributions paid from:		
Net investment income:	\$ 288,206	\$ 262,295
Net realized long-term capital gains:	1,891,710	1,978,582

In 2019, the distribution was paid in shares of the Fund, with the option for shareholders to elect to receive cash. As a result of the distribution, 181,614 shares were issued to shareholders and \$803,282 in cash was paid to shareholders. The Fund issued shares at \$7.58 per share. The 2019 issuance price was determined as the arithmetic average of the closing market price on December 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, and 12<sup>th</sup>, as detailed in the Notice to Shareholders.

In 2020, the distribution was paid in cash. Participants of the Fund's DRIP received shares purchased in the market at an average price of \$7.83.

For more information about the Fund's tax information, please refer to Note 2, Federal income taxes.

(6) *Fund Investment Transactions*

Purchases and sales of securities, other than short-term securities, for the twelve-month period ended December 31, 2020, were \$6,669,344 and \$7,277,658, respectively.

(7) *Financial Highlights.*

The Financial Highlights present a per share analysis of how the Fund's net asset value has changed during the periods presented. Additional quantitative measures expressed in ratio form analyze important relationships between certain items presented in the financial statements. The total investment return based on market value assumes that shareholders bought into the Fund at the bid price and sold out of the Fund at the bid price. In reality, shareholders buy into the Fund at the asked price and sell out of the Fund at the bid price. Therefore, actual returns may differ from the amounts shown.

**EAGLE CAPITAL GROWTH FUND, INC. (“Fund”)  
DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN (“Plan”)**

**ADVANTAGE OF THE PLAN**

Participants in the Plan have the ability to have cash dividends from the Fund reinvested in additional Fund shares. Participants may also make cash contributions to the Plan to acquire additional Fund shares.

**JOINING THE PLAN**

You can enroll in the Plan by going to [www.amstock.com](http://www.amstock.com) or calling American Stock Transfer & Trust Company (the “Plan Agent”) at 877-739-9994. Plan information is also available at the Fund’s website at [www.eaglecapitalgrowthfund.com/drip.html](http://www.eaglecapitalgrowthfund.com/drip.html).

**COSTS OF PARTICIPATION IN THE PLAN**

You are not charged any fee or expense for enrolling in the Plan. Shareholders depositing certificated shares are charged a fee of \$7.50. Sales of shares incur a sales commission of \$15.00, plus \$0.10 per share. In the event a shareholder sends in a check to buy more shares and the check is returned, a \$35.00 charge will apply. Fees may change from time to time; please contact AST for information about current fees.

**REINVESTMENT OF FUND DISTRIBUTIONS**

If the Fund pays a distribution in Fund shares, Participants’ accounts under the Plan will be credited with newly-issued Fund shares at the distribution price, which is the price described in the distribution notice to shareholders. These shares will be held by the Plan Agent pursuant to the Plan.

The Fund may pay distributions in cash. In the event that the Fund makes a cash distribution, the Plan will first seek to buy shares on the open market up to and including the most recent net asset value (“NAV”) of each Fund share. The NAV of each Fund share shall be calculated within forty-eight hours of the distribution, excluding Sundays and holidays. Should the market price rise to or above the calculated NAV per share, the Fund may issue new shares to the Plan at the greater of NAV per share or 95% of the market price. For purposes of the Plan, the market price is the most recently traded price of a Fund share on the NYSE American Exchange. The reinvestment of cash distributions will occur as soon as practicable, and in no case later than 30 days after the Plan Agent’s receipt of the cash distributions, except where necessary to comply with federal securities laws.

In the event that the open market purchases take more than one day, the Fund will recalculate the NAV on a daily basis. Such recalculated NAV will be used to determine whether the market price per share has risen to or above the calculated NAV per share. If the Plan Agent terminates open market purchases based on the recalculated NAV and the Fund issues new shares to the Plan at the greater of NAV per share or 95% of the market price, the number of shares received by the participant in respect of the cash dividend or distribution will be based on the weighted average of prices paid for shares purchased in the open market and the price at which the Fund issues remaining shares.

**VOLUNTARY CASH PAYMENTS**

Plan participants may make voluntary cash payments of not less than \$50 per month (but in any event not more than \$250,000 in any year) for the purpose of acquiring additional Fund shares.

Voluntary cash payments received by the Plan Agent on or prior to the last day of any month will be invested beginning on or about the first (1<sup>st</sup>) business day of the following month (the “Investment Date”). The Plan will purchase Fund shares in the open market. If the Plan Agent has not completed its open market purchase of Fund shares within thirty (30) days of the Investment Date, then the balance of such voluntary cash payments will be returned to participants on a pro rata basis. All cash received by the Plan Agent in connection with the Plan will be held without earning interest or income.

Optional cash payments may be made online at **[www.amstock.com](http://www.amstock.com)**. You will need to know your 10-digit Plan account number to access your account. The Fund recommends that participants making voluntary cash payments send their cash payments so that they reach the Plan Agent as close as possible but prior to the Investment Date. A participant should be aware of possible delays in the mail if payment is to be made in that manner. Accordingly, it is recommended that a participant mail the voluntary cash payment no later than ten days prior to an Investment Date, or make cash payments online.

## **HOLDING OF SHARES**

For your convenience, AST will hold in safekeeping all Fund shares you own by reason of your participation in the Plan. Upon your request (whether online at [www.amstock.com](http://www.amstock.com), by mail, or telephonically to the Plan Agent at (877) 739-9994), AST will send you a physical stock certificate representing a specified number of whole shares acquired or held the Plan in your account.

The Plan Agent will allow you to deposit with it for safekeeping under the Plan any additional stock certificates for Fund shares that you may hold. Such shares, once deposited, will be retained in “book-entry” form under the Plan.

## **STATEMENT OF ACCOUNT**

At least annually, a detailed statement of transactions in your Plan account for each calendar year will be sent to you by the Plan Agent. You may also access your account information online at [www.amstock.com](http://www.amstock.com). You will also receive the customary Internal Revenue Service Form 1099 to report taxable income as a result of Fund distributions with respect to Fund shares held in your Plan account.

## **FEDERAL INCOME TAX CONSIDERATIONS**

You should consult your accountant or tax advisor with respect to the Federal and/or other tax consequences resulting from participating in the Plan. However, as a general rule, participants are taxed on Fund distributions, whether those distributions are paid directly in additional Fund shares, or are in cash (whether such cash is used to purchase additional Fund shares in the open market or otherwise).

## **SHAREHOLDERS’ RIGHTS**

Plan participants enjoy the same rights as Fund shareholders generally with respect to Fund shares held in the Plan, including, without limitation, rights with respect to stock dividends, stock splits, and voting rights. In the event of a major corporate event affecting the Fund, such as a stock split or a stock dividend, the resulting Fund shares will be properly credited to your Plan account. In the event that a Plan participant holds shares in both a Plan account and individually in his or her own name, any Fund shares resulting from a major corporate event affecting the Fund will be distributed to the Plan account and the participant individually on a pro rata basis. AST reserves the right to delay, curtail or suspend any action otherwise required of it under the Plan during the pendency of any major corporate action affecting the Fund.

## **ADDITIONAL INFORMATION**

If you have any questions regarding participation in the Plan, please visit the Plan Agent online at [www.amstock.com](http://www.amstock.com), call the Plan Agent at (877) 739-9994, or write the Plan Agent at:

## **ADDITIONAL TERMS AND CONDITIONS OF PARTICIPATION IN THE EAGLE CAPITAL GROWTH FUND, INC. DIVIDEND REINVESTMENT AND CASH PAYMENT PLAN**

1. By enrolling in the Plan, all of the participant's cash distributions from the Fund and/or voluntary cash payments will be reinvested in additional Fund shares.

If the Fund declares a distribution in Fund shares but includes a provision allowing shareholders to elect to receive cash in lieu of Fund shares, the Plan Agent will receive the distribution in Fund shares on behalf of each Plan participant with respect to the Fund shares the participant holds through the Plan, provided that if you (as a Plan participant) desire to elect to receive cash in lieu of Fund shares, you must promptly terminate your participation in the Plan in accordance with paragraph 5 below. You must also notify the Fund in writing of your election to receive cash. Such written notice to the Plan and to the Fund must be received at least three business days prior to the cut-off election date in order to be effective prior to the receipt of the declared dividend. If a Plan participant beneficially owns Fund shares outside of the Plan and desires to elect to receive cash in lieu of Fund shares, the participant must individually make this election.

2. The Plan Agent may commingle participant funds in connection with the receipt of cash distributions from the Fund, and from voluntary cash payments from participants. The Plan Agent will allocate purchased Fund shares among participant accounts based upon the average price paid (net of any costs).

3. The Plan Agent shall hold shares for participants in its own name or in the name of its nominee. The Plan Agent will acquire Fund shares in the open market at such price or prices then reasonably available to it. Participants understand that from time to time Fund shares may not be available for purchase, or may not be available for purchase at a reasonable price. Moreover, any temporary or continued closing of the securities trading generally might require the temporary curtailment or suspension of the Plan Agent's efforts to purchase Fund shares. The Plan Agent is not responsible or liable for, and shall not be accountable for, any inability on such its part to purchase Fund shares.

4. With respect to the voting of Fund shares held in the Plan, the Plan Agent will provide participants with proxy solicitation materials and request their direction. If a participant does not direct the Plan Agent as to the manner of voting, the Plan Agent will not vote such participant's shares.

5. Plan participation may be terminated upon request to the Plan Agent. A participant may terminate by providing written notice to the Plan Agent (the tear-off section at the bottom of participant's account statement is available for this purpose). Such written notice must be signed by all persons who are listed on the Plan account. If a request is received fewer than three business days prior to the cut-off election date in the case of a share distribution, or three days prior to the ex-dividend date in the case of a cash dividend, then the termination will begin after the receipt of Fund shares or reinvestment of the declared dividend, as applicable. The Plan Agent will send to a participant who has terminated participation in the Plan a certificate(s) representing the number of full shares held by the Plan Agent in such participant's account under the Plan. In case of termination, a participant's interest in a fractional share will be converted to, and remitted in cash, in an amount based upon the then current market value of the share (less service fees).

**However, the foregoing does not apply to voluntary cash payments held for investment on the Investment Date as a result of voluntary cash payments. A participant may request the return of any voluntary cash payment, if the participant makes a separate written request which is received by the Plan Agent at the address above at least forty-eight (48) hours prior to the time when such voluntary cash payment is scheduled to be invested.** If a participant so requests, the Plan Agent may sell a terminating participant's shares and remit the proceeds (less related brokerage commissions and service fees).

6. The Plan Agent shall not be liable for any action taken in good faith or for any good faith failure to act, including without limitation, any claim of liability (a) arising out of a failure to terminate the participant's account upon the participant's death, prior to receipt of notice in writing of such death and submission of documentation, by the personal representative of the deceased participant, in form and substance satisfactory to the Plan Agent and (b) with respect to the price or prices at which Fund shares are purchased or sold for a participant's account and/or the timing of such purchases and/or sales.

7. The Fund reserves the right to amend or terminate the Plan effective upon thirty (30) days written notice (from the date of mailing) to all Plan participants. All inquiries with respect to the Plan should be directed to the Plan Agent at the addresses and phone numbers identified in the Plan.

8. The Plan shall be governed by, and construed in accordance with, the internal laws of the State of Wisconsin.

9. The Plan has been last amended and revised as of February 15, 2018.

**Approval of Renewal of Investment Advisory Agreement.** At its December 7, 2020 Board meeting, the Board of Directors approved the renewal of the Fund's Investment Advisory Agreement with SCM (with Directors Luke E. Sims and David C. Sims abstaining). The Board previously received various information with respect to the proposed continuation of the investment advisory agreement with the Advisor, including a handout in the Board "book" materials which identified certain key issues for the Board to consider in evaluating Sims Capital Management LLC ("SCM") as its Advisor. The Board reviewed these various factors in considering whether to retain the SCM as its investment advisor including, among other things, the nature, extent and quality of services provided by SCM, the cost of services provided by SCM (and benefits to be realized by SCM as a result of its relationship to the Fund), the economies of scale that may be realized as the Fund grows, whether the fee level reflects the economies of scale for the benefit of Fund investors, SCM's investment philosophy, the Fund's portfolio turnover, best execution and trading costs, personnel considerations, resources available to SCM, SCM's ability to satisfy compliance obligations and other relevant factors. The Board regularly considers the various factors that are involved in such a decision. Overall, the Board understands and is satisfied with the investment philosophy and investment performance of the Advisor. Given the relatively

small size of the Fund vis-à-vis other closed-end and other mutual funds, the Advisor's annual fee at 0.075% (75 basis points) of assets under management (AUM) is reasonable (and at the low end of the range for other investment advisors of actively-managed equity funds). There are few economies of scale to be realized by the Fund (as a closed-end fund), primarily because the Fund is required to make distributions to its shareholders of its net investment income and realized capital gains. Pursuant to this requirement, the Fund has declared and will pay out \$2.2 Million to its shareholders at the end of December 2020, thereby reducing AUM from slightly over \$40 Million to approximately \$38 Million. The Fund's compliance with law and reporting with respect to the Securities and Exchange Commission and other governmental authorities is fine. The Fund's execution of transactions (including cost) and portfolio turnover are excellent, and clearly consistent with industry practice. As a general rule, the Board is satisfied with the Advisor's personnel, including professional competence, conscientiousness, independence and overall communications.

*Electronic Distribution of Shareholder Reports and Other Communications.* If you'd like to receive copies of the Fund's annual report, semiannual report, proxy statement, press releases and other comparable communications electronically, please provide your e-mail address to [dave@simscapital.com](mailto:dave@simscapital.com). By providing your e-mail address to the Fund, you are consenting to the Fund sending the identified materials to you by e-mail.

*General Inquiries.* If you have a question or comment on any matter not addressed above, please contact the Fund at: Eagle Capital Growth Fund, Inc., 225 East Mason Street, Suite 802, Milwaukee, WI 53202-3657, telephone number (414) 765-1107, or the Fund's investment advisor, Sims Capital Management LLC ([dave@simscapital.com](mailto:dave@simscapital.com)).
